## SmartLVL14

### H<sub>2</sub>O Shield<sup>®</sup> Short-term Water Repellent

SmartLVL14 comes with a clear short-term water repellency. H<sub>2</sub>O Shield is a high penetrating water-based surface treatment formulated to repel rain during storage and construction. H<sub>2</sub>O Shield is paintable with acrylic or oil based coatings, and glueable using standard construction adhesives.

### Treatment Options

SmartLVL products are H2S treated as standard for protection against termite attack in areas South of the Tropic of Capricorn. Post production H2 preservative treatment against termite attack for areas North of the Tropic and H3 treatment for external use, are available on request.

### High Performance

SmartLVL14 is a strong mass-produced LVL for the Victorian market, and is a direct substitution for F17 hardwood beams.

### Range

Smart LVL14 is one of the most commonly stocked ranges by Victorian Merchants, and is available in 45mm widths, and heights of 90, 140, 190, 240, 290mm.

### Certified

SmartLVL14; manufactured to AS/NZS 4357 structural laminated veneer lumber.

## SmartDesign Centre

Design Services, Technical, and Engineering Support.

Contact our dedicated engineering technical support services team for accurate, timely and professional advice regarding your construction project.

The SmartDesign Centre provides:

- Full engineering support on all SmartFrame Engineered Wood Products.
- Free SmartFrame floor plan designs from building plans, via your local Timber Merchant.
- Structured SmartFrame software training program for external users.
- Certification of engineering designs to relevant state building acts and regulations.

### Technical Support:
