SmartLVL15

H2O Shield[®] Short-term Water Repellent

SmartLVL15 comes with a clear short-term water repellency. H2O Shield is a high penetrating water-based surface treatment formulated to repel rain during storage and construction. H2O Shield is paintable with acrylic or oil based coatings, and glueable using standard construction adhesives.

Treatment Options

All SmartLVL15 comes H2S treated as standard for protection against termite attack in areas South of the Tropic of Capricorn. Post production H2 preservative treatment against termite attack for areas North of the Tropic and H3 treatment for external use, is available on request.

High Performance

SmartLVL15 is one of the strongest mass-produced LVLs in the Australian market, meaning smaller cross sections for the same span properties as lower grades of LVL.

Comprehensive Range

SmartLVL15 offers the most comprehensive range in the market. Available in 27 section sizes, widths of 42mm, 58mm and 75mm and a range of 15 different heights.

Certified

SmartLVL15 is third party product certified by a JAS-ANZ accredited body as being manufactured in conformance with AS/NZS 4357 structural laminated veneer lumber.
